**Forecast for Friday 07 Apr 2023**

**Weather:** A cold start with frost and some mist and fog patches in the valleys. These clearing quickly through the morning to give a mostly sunny morning. Cloud developing through the day to become mostly cloudy by the afternoon, but still with sunny intervals. Turning colder with clear skies into the evening.

**Chance of cloud-free hill tops above 600m:** 100%.

**Low cloud and visibility:** A few patches of low cloud in the morning as mist and fog clears, then mostly excellent visibility with cloud forming above the highest peaks through the afternoon.
